

LIFTING PROFESSIONALS

TWO POST LIFTS C-5 WITH BASE

Ref. **13162** **5.000 Kg.** **1.250 Kg.** **400 V. 3+3kW** **40"**

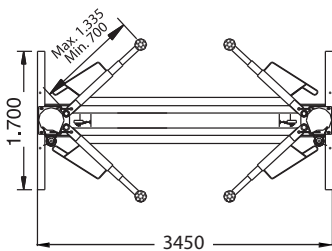

RELIABLE

SOLID

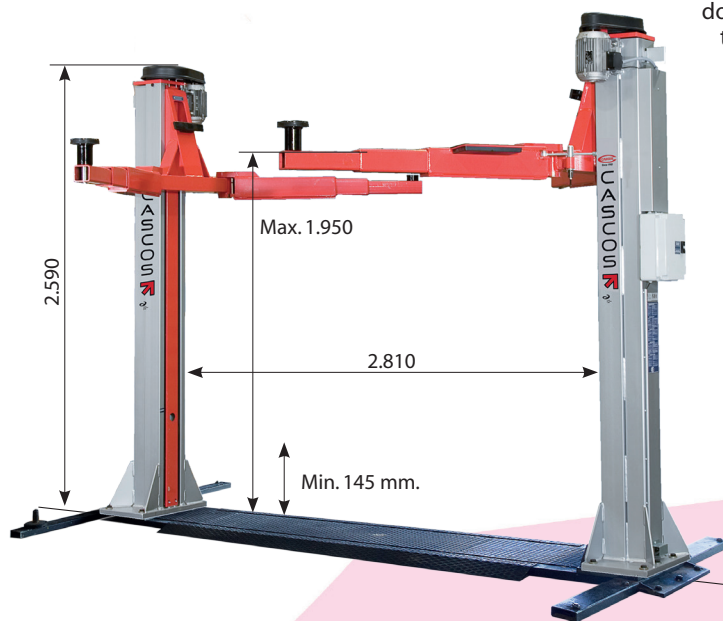

NON DEFORMABLE

SlenderTec™
Super Strength Column Made in Germany

Ours special profiles *SlenderTec™* Super Strength Column Made in Germany allows us to manufacture extremely **resistant** and **less bulky** posts.

Workspace maximum between posts with the minimum outer space.

Great space between posts, perfect door opening to enter/exit.

Reversibility

Symmetric lifting arms means **vehicles can be loaded in either direction**, making it much more versatile.

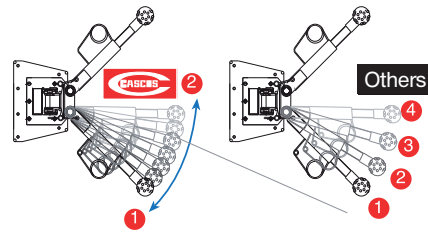

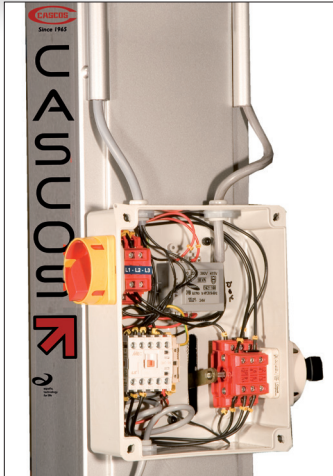

2006/42/CE & EN-1493:2011 European Directives & Approved Standards

After-Sales Quality & Service prize

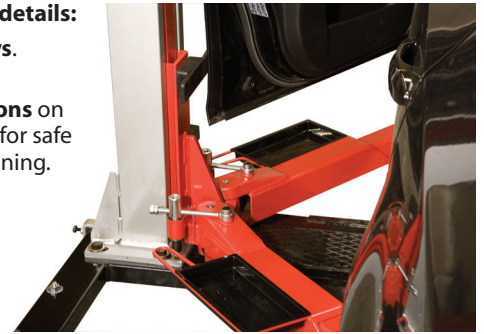

The design of the mechanical and electrical systems of our lifts makes them **reliable, strong and simple**

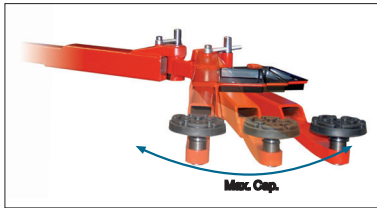

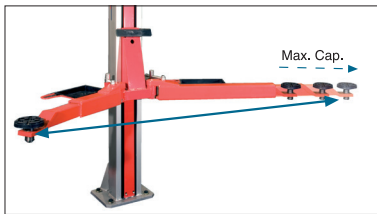

Our locking mechanism, via spindle as opposed to the cog style, allows for far **greater choice of positioning for the operator**.

Exclusive details:

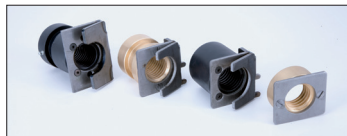

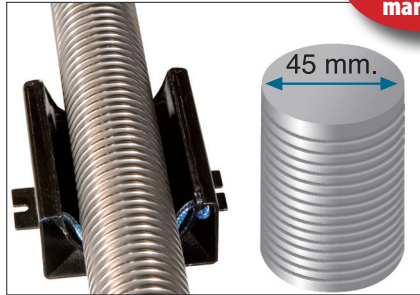

- Tool trays.
- Rubber protections on columns for safe door opening.

The biggest on the market

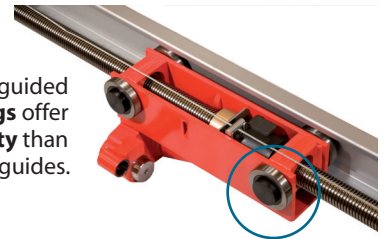

- Max load at:**
- Any opening angle.
 - Arm extension.

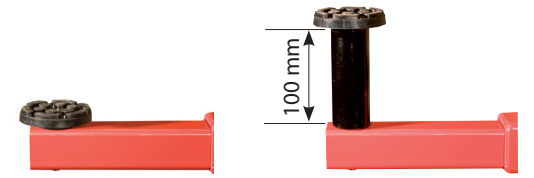

- The biggest diameter spindle on the market** and high quality nuts offer:
- Less wear.
 - Longer lasting life.

High quality guided steel bearings offer longer durability than nylon guides.

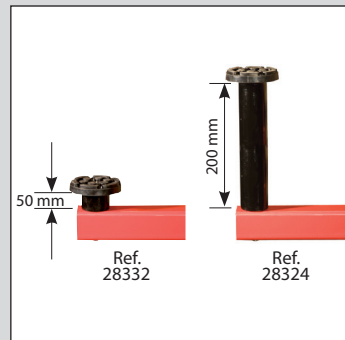

Serial rubber drop in pads

CASCOS supplies its lifts with fixings to the ground.
